

BOC Productions

A FULL SERVICE PRODUCTION COMPANY

BOC Productions is a versatile, full service production company specializing in meeting your Sound, Stage, & Lighting needs. With over 20 year's experience in the sound business, BOC Productions always puts the **customer first**. We are able to assess **your** needs according to **your** budget, so you always get what's best for **you**, not what makes us the most money...

but don't just take our word for it,

Here are comments from a couple of our customers:

"BOC Productions knew exactly how to work around our decorators and event volunteers, and performers. They came in, efficiently set up, embellished our venue with proper lighting and sound, and supplied a great sound person for our event!" Heidi S.

"Thank you for the professional production service your company provided. As agreed, you arrived and departed on time with your equipment, and provided the bands with the setups they requested. I know you gave us an excellent price for your services... Thank you." P.D.
